Bob, I can't figure out which report you are referring to. Is it NIOSH or EPA?
What year?

Tim

Subject: Work Schedule in Marysville

There is some information on work schedule in the NIOSH report about the Marysville plant. See page SC-EPA-00163. The information in the report applies to work schedules in December 2000. Please see if you can verify whether similar work schedules were used in the 1963-1980 time frame.
